

WHY PARTNER WITH ETHOS?

What We're About

We are experts in the field of risk mitigation. We help our clients fight back against fraud through the use of our full suite of services. We provide the highest level of security, real-time field updates, and shortened turn-around times. Keeping our client information secure is one of our top priorities – we're SOC 2 Type II Certified and HIPAA Compliant.

How We Do It

Our proprietary claims management system assists us in delivering best-in-class results. We have over 600 investigators working diligently to deliver detailed reports containing relevant, actionable information giving our clients the information they need to make accurate decisions. Whether our clients need 24/7 surveillance, a jury pool investigation, a witness canvass or a background check, we can help our client find the evidence they need.

Our Commitment

Integrity and Honor are our guiding values. We ensure that every engagement with our clients is a personalized experience. Ethos Risk Services will be there to help you fight fraud on all fronts – and we'll be there every step of the way. We're committed to being the only risk mitigation provider you'll ever need. With well over 500,000 investigations completed, we have a proven track record of success.
